Hey Wendy,

We are getting a lot of backlash here in the office regarding the decision to allow families and sporting bodies – Indian & Australian women's cricket teams, NRL family & children being allowed to quarantine in Qld when there is a pause on at the moment and other families are stuck interstate, missing funerals.

Overall, they are not accepting that this is the directive solely from the Chief Health Officer. They believe that the state government would have had input into this decision.

What can I be saying to all these constituents?

Thanks,
